

International Conference

WOCMAP VI

6th World Congress on Medicinal and Aromatic Plants
May 1-5, 2019 - Swandor Hotels, Antalya - TURKEY
www.wocmap2019.org

6th World Congress on Medicinal and Aromatic Plants for Human and Animal Welfare (WOCMAP VI)

**Important
Change of Date and Venue**
**13-17
November
2019**
N. Cyprus

IMPORTANT CHANGE OF DATE AND VENUE

The Organizing Committee of WOCMAP VI has decided hold the congress on **November 13-17, 2019 in Famagusta, Northern Cyprus** instead of the previously announced May 1-5, 2019 in Antalya, Turkey. Please note this important change.

Conference Centre and
Exhibition halls for herbal fair/EXPO

May 1-5, 2019
WOCMAP VI
6th World Congress on Medicinal and Aromatic Plants

topics

May 1-5, 2019
WOCMAP VI
6th World Congress on Medicinal and Aromatic Plants

- **Biodiversity prospecting and ethnopharmacology** Ben-Erik van Wyk, Thomas Efferth
- **Herbal products for animal health and nutrition (HERBAN)** Kobus Eloff, Chlodwig Franz
- **Cultivation, collection, breeding and sustainability of MAPs** Johannes Novak, Akos Mathe
- **Production, phytochemistry, adulteration, quality control of phytomedicines, phytocosmetics, essential oils, natural volatiles and spices**-Yoshinori Asakawa, Umesh Patil
- **Botany, taxonomy, nomenclature and history of MAPs**-- Ali A. Dönmez, Alain Touwaide
- **Industrial processing of MAPs** Atta-ur-Rahman, M. Iqbal Choudhary
- **Therapeutical aspects, safety and efficacy, clinical trials of MAPs** Gerhard Buchbauer
- **Nutraceuticals, functional foods, novel foods and dietary supplements** Stefan Gafner, Mark Blumenthal
- **Marketing and trade of MAPs** Denzil Phillips
- **Laws and regulations, pharmacopoeial standards of MAPs** Gerhard Franz
- **Technology, biotechnology and innovations of MAPs** Mahmoud A. ElSohly
- **Traditional health systems, ethnomedicines** Dean Guo, Alvaro Viljoen
- **Marine natural products** Anake Kijjoa, D. Tasdemir
- **Other topics related to MAPs** Salvador Canigueral, Umesh Patil

IMPORTANT DATES

Abstract submission deadline: 15 September 2018
Acceptance Letters: 15 October 2018
Early bird registration: 1 November 2018

May 1-5, 2019
WOCMAP VI
6th World Congress on Medicinal and Aromatic Plants

Peer reviewed ABSTRACTS will be published in Phytomedicine (Elsevier)

We look forward to meeting you on
1-5 May 2019 in Antalya, Turkey.

Thank you

International Conferences

The Fifth International Mediterranean Symposium on Medicinal and Aromatic Plants

April 24-26, 2019 / Cappadocia - TURKEY

April 26-28, 2019

The 5th International Mediterranean Symposium on Medicinal and Aromatic Plants : April 24-26, 2019

The 5th International Symposium on Pharmaceutical and Biomedical Sciences : April 26-28, 2019

INVITATION OF MESMAP-5 AND ISPBS-5

Medicinal and Aromatic Plants (MAPs) have growing interest throughout the world. These plants are also well-known as Non-wood Forest Products (NWFP). From nature to standardized products, all these plants and their products are of interest of a number of sectors. Thus, their market size has gradually increased. By huge development in this sector, scientific researches for supporting ethnobotanical heritage and investigating novel information. Governmental regulations for conservation biodiversity and protecting public health and private sector efforts to get a share from the market is increasing. Non-Governmental Organizations (NGOs) are working all the related areas for biodiversity conservation, sustainable use of natural resources, encourage for their cultivation, awareness of public for muggers and to encourage for multidisciplinary actions of all related sectors for human welfare. Thus, scientific-based organizations are important forums to bring together all the stakeholders in the MAP and/or NWFP sectors.

In this context, many, international symposia and meetings have been organized in order to share novel scientific data and solve the problems throughout the world. MESMAP symposium is one the most important scientific meeting with huge participants from all over the world. The first MESMAP meeting was organized in 2013 and four more successful symposia have been organised up to now. MESMAP symposia hosted more than 1500 participants from 60 different countries in earlier four meetings. Despite of the fact that the title of the International symposium contains "Mediterranean", these big events welcome the participants from all climates on the world. We had many official and private sponsorships from Turkey and abroad. For example, **AMAPMED**-Mediterranean Association of Medicinal and Aromatic Plants, **AMAPSEEC**-East European Association of Medicinal and Aromatic Plants, **APTI**- Association of Pharmaceutical Teachers of India, **THY-Turkish Airlines**, Ministry of Food, Agriculture and Livestock, Ministry of Forestry and Water Affairs. After these symposia, selected papers were published in SPECIAL ISSUES in Industrial Crops and Products (ELSEVIER), Indian Journal of Pharmaceutical Education and Research (IJPER) THOMSON ISI-Indexed Journals. **Annals of Phytomedicine: An International Journal (ESCI)**, Journal of Pharmaceutical Research (JPR), International Journal of Agriculture, Environment and Food Sciences (JAEFS) and Current Perspectives on Medicinal and Aromatic Plants (CUPMAP).

The Fifth Mediterranean International Symposium on Medicinal and Aromatic Plants (**MESMAP-5**) will be organized at Dilek Kaya Hotel and Burcu Kaya Hotel in Ürgüp (**Cappadocia**), Nevşehir, Turkey, in **April 24-28, 2019**. MESMAP-5 scientific program covers all related aspects of MAPs and NWFPs such as agriculture and forestry, botany, ethnobotany, herbal medicines, plant biotechnology, phytopharmacology, pharmacognosy, plant biology, phytochemistry, and aromatherapy.

However, MESMAP-5 participants can also participate in "**The 5th International Symposium on Pharmaceutical and Biomedical Sciences (ISPBS-5)**" as joint meeting. ISPBS symposium was first organized in Japan with Turkish and Japanese Universities' Scientific Collaborations in 2016 and the first name of the symposium was JATUSPAB (Japan-Turkey International Symposium on Pharmaceutical and Biomedical Sciences). Because of the huge response from different countries, the International Organizing Committee have decided to change the name of this symposium as "International Symposium on Pharmaceutical and Biomedical Sciences".

Selected papers will be evaluated for publication in some international journals like **Annals of Phytomedicine: An International Journal (ESCI)**, Journal of Pharmaceutical Research (JPR), International Journal of Agriculture, Environment and Food Sciences (JAEFS) and Current Perspectives on Medicinal and Aromatic Plants (CUPMAP). Symposium details are given at www.mesmap.com

Now, we are proud of organizing these scientifically accepted big two events, **MESMAP-5 and ISPBS-5**, as a joint meeting at one of "**the most extraordinary natural and historical wonders in the world; CAPPADOCIA, TURKEY**".

SYMPOSIUM TOPICS FOR MESMAP-5

- Agricultural Practices of MAPs
- Aromatherapy, Phytotherapy and Phytochemistry
- Biology, Biochemistry and Biotechnology
- Biodiversity
- Botany, Ethnobotany and Ethnopharmacology
- Conservation, Management and Sustainable Uses of MAPs and NWFPs
- Essential Oils and Secondary Plant Metabolites
- Herbal and Traditional Medicines
- Industrial Processing Technologies of MAPs
- Legislations on MAPs and NWFPs
- Literature on MAPS
- Marketing of MAPs and Products
- Natural Cosmetics
- Non-Governmental and Non-Profit Organizations (NGO and NPO) on MAPs
- Standardization and Quality of MAP Products
- Traditional and Modern Herbal Products
- Pharmacognosy
- Phytopharmacology and Toxicology

SYMPOSIUM TOPICS FOR ISPBS-5

- AIDS/HIV Research
- Antiretroviral Therapy (ART)
- Aromatherapy, Phytotherapy and Phytochemistry
- Biology, Biochemistry and Biotechnology
- Biodiversity
- Biosensors and Bioelectronics
- Botany, Ethnobotany and Ethnopharmacology
- Conservation, Management and Sustainable Uses of MAPs and NWFPs
- Design and Discovery of Novel Biologically Active Compounds
- Drug Delivery System
- Essential Oils and Secondary Plant Metabolites
- Herbal and Traditional Medicines
- Industrial Processing Technologies of MAPs
- Legislations on MAPs and NWFPs
- Literature on MAPS
- Marketing of MAPs and Products
- Bioorganic Medicinal Chemistry
- Molecular Cancer Therapeutics
- Molecular Modeling and Simulations
- Natural Cosmetics
- Non-Governmental and Non-Profit Organizations (NGO and NPO) on MAP

- Photodynamic Therapy
- Retroviruses
- Standardization and Quality of MAP Products
- Traditional and Modern Herbal Products
- Pharmacognosy
- Phytopharmacology and Toxicology
- Structural Biology

To be in Cappadocia, in the best season in Cappadocia, for this distinguished scientific event will be an amazing experience for you and good memories to take back your home. We would like to wish you all the best and are already looking forward to meeting you in Cappadocia, Turkey, in 2019 spring.

All the best,

Professor NAZIM SEKEROGLU, Ph.D
Chairman of MESMAP Symposiums
President of AMAPMED
General Coordinator of GOFMAP
